FOUNDATION

THE POWER OF PARTNERSHIPS

There is no more valuable investment in our community than creating a public education system that prepares our children to be successful. The reality: eighteen out of twenty students in Oklahoma City Public Schools are living at or below the poverty level. This is a staggering statistic and with that comes a host of other issues that our teachers and district leaders are faced with. But, this must not be a deterrent to our efforts. The Foundation believes in the power of partnerships. With us all working with a common purpose, we are able to implement key strategies for sustained improvements. Foundation Partners is a program specifically for select corporate, civic and private foundation partners to provide the greatest return on your investment in our schools and for our children.

Kendra Horn
President and CEO
Oklahoma City Public Schools Foundation

We have six Foundation Partner levels:

VISIONARY | CHAMPION | INNOVATE | ACHIEVE | IMPACT | ALIGN

Our partners benefit from the ability to plan and budget, as well as receive numerous recognition opportunities over a 12-month period. Partners will also be specially recognized by The Foundation when presenting our various programs and services critical to our students and educators in Oklahoma City.

The following are highlights of some of the available recognition opportunities

Exclusive sponsorship of programs and campaigns
